How can I register my Church?

- Your church will need to register for the event with a streaming license, which can be found [HERE](#). Look for your confirmation of your registration via the email you provided.
- You will need to work with your church's audio visual team to coordinate the streaming of the event and the location for each session.

Keynote Sessions

Can be streamed from a main hall, large room or sanctuary.

Breakout Sessions

We will have simultaneous sessions in every breakout time slot on Saturday morning. We suggest two formats that can be used to stream these talks:

- Format 1: Pre-selecting the breakout sessions to be played in the main room. This means that everyone will watch the same sessions.
- Format 2: Allocating small rooms for groups to watch specific sessions. Your AV team would need to enable the streaming of the session and also log in to the Zoom meeting.

When will I receive my tickets?

After you register you will be emailed your ticket(s) at the email provided on the registration form.

What is included in the recordings?

One year access to all keynote sessions, breakout sessions, and training sessions.
